Enter the stage: Daltile's Keystones series - a selection of mosaic porcelain tiles that is as diverse as it is captivating. With a kaleidoscope of over 45 colors spanning the spectrum, from the sunsoaked radiance of Sunshine to the profound allure of Ocean Blue, this series is a palette of endless possibilities. Shannon, the mastermind behind Yowie's transformation, wielded these tiles like an artist's brush, carefully selecting and arranging each piece to orchestrate a mesmerizing visual narrative.

But it doesn't stop at colors. The Keystones series offered Shannon a canvas to weave her artistic signature through custom mosaic tile patterns. It's here, on the canvas of each bathroom's floor, that the true magic unfurled. A meticulous dance of tiles, a symphony of shades -a living, breathing mosaic that encapsulates the essence of Shannon's vision.
