STEPWISE™ TECHNOLOGY

Many of our collections feature **Stepwise™ Technology** that offers superior slip resistance and exceptional cleanability. Not just a surface technique or non-slip coating, **Stepwise™** is infused into our top-quality porcelain tile to increase its dynamic coefficient of friction (DCOF).

50% More slip resistant than regular tile - these products are the ideal flooring choice for outdoor areas.

All style. No slips.

FAÇADE

CLADDING SOLUTIONS

DREAM IT. DESIGN IT. WE CAN DO IT!

Create exterior beauty that leaves a lasting impression by adorning a building in Daltile façade products that any architect will envy.

Our team of experts is ready to help you find the solution for your next project. Your journey starts here!

WHAT IS A FAÇADE?

A ventilated façade is a construction method whereby a physical separation is created between the outside of the façade and the interior wall of the building. This separation creates an open cavity allowing the exchange of the air contained between the wall and the outer cladding.

Photo features Panoramic Porcelain Surfaces™ Brass and Cinder Rail on the exterior wall with Delegate Dark Grey on the patio and Commissary Proxy Grey on the walkway.

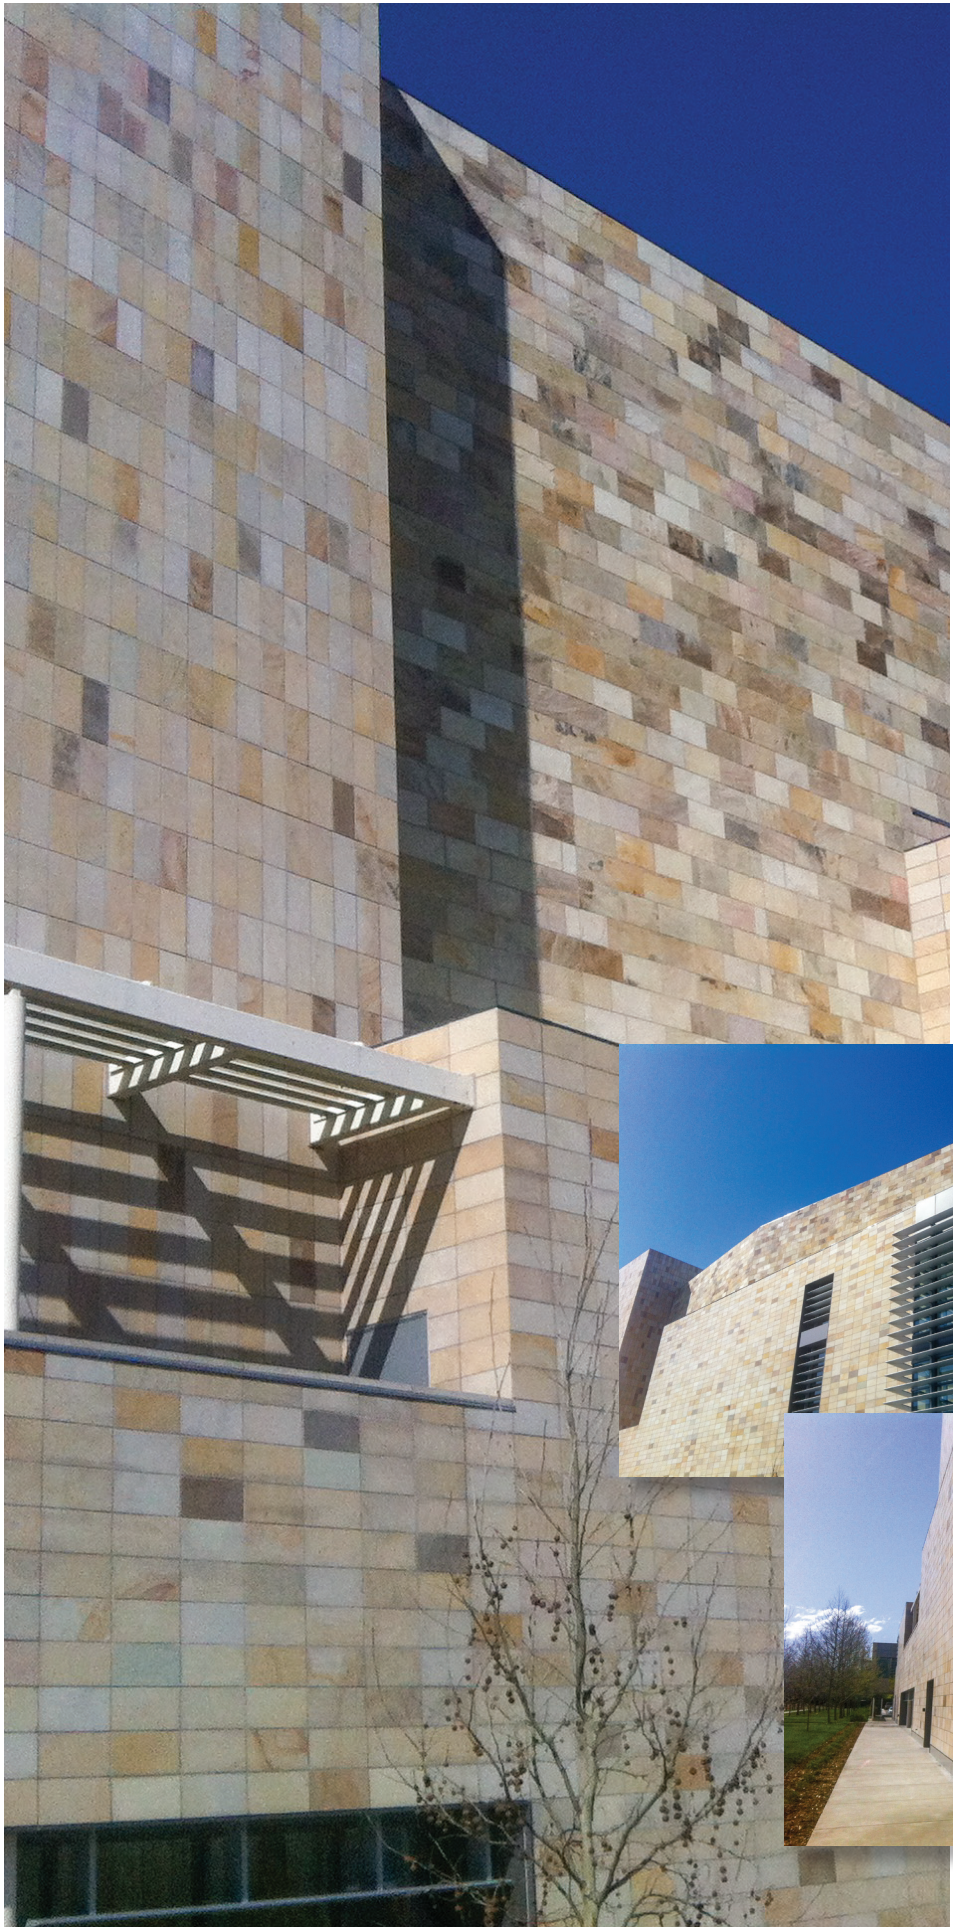

Photo features Panoramic Porcelain Surfaces™ Chromium on the exterior wall.

CREATE JAW-DROPPING FEATURE WALLS WITH THESE SPECTACULAR LARGE-FORMAT PORCELAIN PANELS –

with sizes up to
64 x 127 in an extensive
selection of colors and look
visuals.

TAKE ON A WHOLE NEW DIMENSION

Dimensional Stone offers complete product sourcing and custom fabrication.

Whether you're working on a multi-family, healthcare or hospitality project, we're your single source for the exact products and services you need to achieve it - from natural stone to porcelain, quartz, ceramic and glass tile.

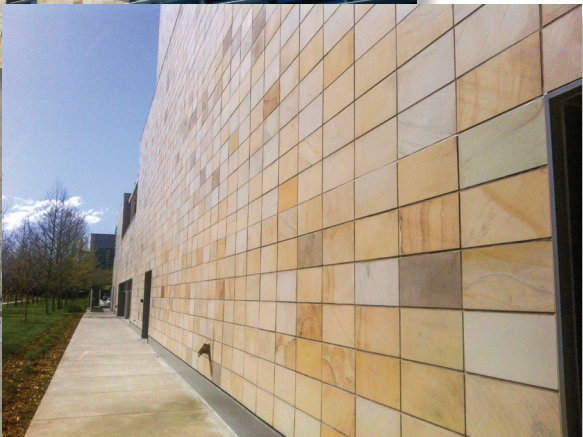

Photo features Natural Quartzite Cesari Grey on the countertops, Reminiscent™ Memento White on the floor, and Diplomacy™ Light Grey on the lawn.

CUSTOM CUT TO YOUR SPECS

- We provide a digital take-off to identify the project scope, which includes materials, size, quantity and edge treatment.
- You'll receive samples and pricing - we'll also provide support during the bid process to help determine the right material for the right location.
- Then you'll review CAD-generated shop tickets for confirmation that your goals are achieved.
- Now your stone can be fabricated, delivered on time, within sequence, and ready to install.

POOL TILE

WATERLINES | SUBMERGED
WATER FEATURES

Our handsome collection of **pool tile** is extensive and unique, helping you get creative with your family's favorite summer asset.

Encompassing a large variety of mosaic tile as well as larger format tile, this collection of pool tile is designed and constructed to the exacting specifications required for the waterline, underwater tank, fountains, spas and other submerged applications.

WATERLINES

If you've dreamed of a one-of-a-kind backyard design, complete with the calming presence of your own pool, the waterline pool tile you choose can provide a stunning focal point. Make a splash with your tile selections to turn your landscape's focal point into your dream oasis.

Photo features Dignitary™ Superior Taupe Pavers on the floor and Illuminary™ Whisper Blend Accordian Mosaic on the pool lining.

SUBMERGED

The beauty of a pool that is entirely tiled is unrivaled. Iridescent mosaic tiles glimmer and reflect the sun even from the depths of a pool, providing a luminous shimmer. Bring on the bling!

Photo features Pebble Oasis™ Harbor flat pebble in the pool.

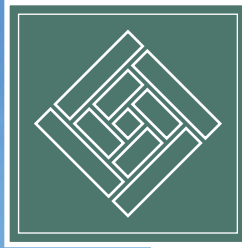

Photo features Sicis City Lights™ St. Moritz mosaic.

SPECIAL ORDER OPTIONS

Pool tiles can also be used on water features such as fountains, waterfalls, and even hot tubs to add some exquisite elements to your outdoor space. Reach out to your local Daltile representative to learn more about our full pool tile portfolio and special order options.
