KEYSTONES™

PATTERN GUIDE

daltile®

FROM THE DRAWING BOARD TO REALITY

At Daltile, if you can imagine it, we can create it. From vivid colors and on-trend shapes to unique patterns and bold borders, one simple design can turn your space into an incredible work of art. Keystones Custom Design Services gives you the creative freedom to make your design dreams a reality.

MOSAIC BORDERS & PATTERNS

Set your imagination free! Our colorful mosaics enable you to create patterned designs that complement any design scheme. Borders, corners and plaids blend seamlessly to create intricate and unique spaces. With custom designs, you'll never run out of ideas.

BOLD & ENDLESS PATTERNS

Daltile is proud to provide hundreds of patterns and borders that are carefully selected for their broad design appeal. Patterns are organized by sizes:

- 1 x 1 Standard Patterns
- 2 x 2 Standard Patterns
- 2 x 1 Standard Patterns
- Combination Patterns
- 1 x 1 Hexagon Patterns
- 2 x 2 Hexagon Patterns
- 2 x 4 Patterns
- Penny Round Patterns

If you're looking to customize further, you can modify any of our patterns or create your own. Simply use the custom design worksheet attached or send us your own sketch.

COLORS & OPTIONS

The right color and finish can bring any pattern to life. That's why we offer a wide spectrum of tile colors and finishes to create an unforgettable look.

Cover photos feature Keystones™ Weave Mosaic in Berry Blend, Keystones™ Pinwheel Mosaic in Wheat Blend, and Keystones™ Penny Round Mosaic in Retro Dot. Above photo features Keystones™ Trinity Mosaic in Olive Blend.

How To Order

MOSAIC BORDERS AND PATTERNS

STANDARD PATTERNS

1 Determine the four-digit pattern number.
(Indicated at the bottom left corner of each pattern)

2 Select colors and determine corresponding percentages from the legend/key.

3 Determine the square footage required for field patterns and for border patterns.
(corner configurations will be manufactured by request or may be assembled at the installation site.)

4 Mail, fax, or email your request to your local Daltile representative.

5 Once your request is processed, your order is entered, and you will be notified of a shipping date.

CUSTOM PATTERNS

1 Determine a budget.

2 Determine size of area, tile size/type and colors.
(Use custom pattern design worksheet on page 28 - 35.)

3 Develop a color rendering of request
(scan ready).

4 Mail, fax, or email your request to your local Daltile representative.

5 Once your request is processed, your order is entered and a sketch with an order acceptance form is returned for your approval. Please note any discrepancies and notify Daltile immediately.

Lead Time

- Pricing: 24 hours
- Color Renderings (upon request): 1 week
- Production: 4-6 weeks

Times may vary depending on the size and complexity of the design. Typically, the manufacturing lead time for custom designs is longer than that of standard designs.

Mounting information

Pre-mounted sheets of tile speed up and simplify installation. They are self-spacing and bridge surface irregularities. Factory pre-mounted sheets are assembled together in two different ways:

Dot-Mount (standard)
Tiles are dot-mounted into 12" x 24" sheets, using a heat cured poly-vinyl chloride adhesive, which is both acid and alkaline resistant. Hex tile is bonded into 12 tile x 20 tile sheets.

ClearFace (special order in 1" x 1" and 2" x 2" size only)
Tiles are mounted on a removable clear film-mount sheet bonded to the tile face.

Important reminders
Use hexagon borders with hexagon field tile. Also, use a "floor plan" to avoid misinterpretations. Because of the unique shape of hexagon tiles, you'll notice a certain degree of inconsistency from one section of the pattern to another. Therefore, both a vertical and horizontal borders, right and left corners must be designed. The "floor plan" illustrates which direction the points face, which is especially helpful for corner configurations.

Order Form

The grids below represent a single standard sized sheet. The following grids are for working with modifications of standard tile patterns or original tile patterns. Single sheet repeat patterns offer the biggest savings from both a manufacturing and installation standpoint.

Specify color choices by clearly detailing all placements in the grid using an appropriate code to represent the desired pattern. (For example, color #1 = X, color #2 = +, color #3 = O, etc.)

Please photocopy this form and use it to submit custom patterns. All orders or questions may be submitted to your local Daltile representative.

Order Form

The grids below represent a single standard sized sheet. The following grids are for working with modifications of standard tile patterns or original tile patterns. Single sheet repeat patterns offer the biggest savings from both a manufacturing and installation standpoint.

Specify color choices by clearly detailing all placements in the grid using an appropriate code to represent the desired pattern. (For example, color #1 = X, color #2 = +, color #3 = O, etc.)

Please photocopy this form and use it to submit custom patterns. All orders or questions may be submitted to your local Daltile representative.
