NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final verification should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards. Random visuals enhance the natural beauty of this product. To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Use of a latex modified thin-set is recommended for installation. For additional information refer to “Factors to Consider” at: daltile.com/Factors.
