STONE ATTACHÉ™ COLLECTION – FLOOR

DELEGATE™
COLORBODY™ PORCELAIN with REVEAL IMAGING®
Delegate represents a contemporary and versatile design option for today’s spaces. The diagonal visual on this ColorBody™ porcelain tile is the subtle evidence of nature’s powerful geological movements. Gentle color movement in the white and grey shades offers a slight visual distinction from the darker, monochromatic black hue. This sedimentary slate-inspired design offers a rich visual with depth and interest in two tile sizes – plus a 20 x 40 tile paver in 2cm thickness suitable for exterior applications. Harmonize floor tile with a random linear mosaic or 3D brick-joint mosaic for a comprehensive stone look.

- **TECTONIC MOVEMENT**
  - Compressed slate visual in four stately shades: off white, light grey, dark grey and black
  - The diagonal movement of slate in durable ColorBody™ porcelain tile

- **ELEVATED FLEXIBILITY**
  - Two floor tile sizes plus a 20 x 40 tile paver in 2cm thickness
  - Rectified edges for smaller grout joints
  - Random linear mosaic, 3D mosaic and trim package available

APPLICATIONS

Target DCOF wet Suitable
Dry & Level – Interior Floor N/A ✓
Wet & Level – Interior Floor ≥ 0.42 ✓
Shower Floors (Residential or Light Commercial) ≥ 0.42
Exterior Floor Applications (including pool decking & other wet areas with minimal footwear) ≥ 0.60 ✓*
Ramps & Inclines ≥ 0.65
Wallis/Backsplashes N/A ✓
Countertops N/A ✓
Pool Linings N/A

A DCOF value of ≥ 0.42 is the standard for tiles specified for level interior spaces expected to be walked upon when wet, as stated in ANSI A137.1-2012, Section 9.6. For more information about DCOF and the DCOF AcuTest*, visit daltile.com/DCOF.

APPLICATION NOTES:
Suitable for exterior applications in freezing and non-freezing climates, when proper installation methods are followed.

1 x 1 3D mosaic suitable for wall applications only.
* 20 x 40 2cm paver tile only

TRIM

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A1371 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to “Factors to Consider” at daltile.com/Factors.
Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltile.com/LargeTiles for more information.
Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
