### NOTES

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation. Since there are variations in all glass products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile samples or color reproductions. Manufactured in accordance with ANSI A137.2 standards. Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps. For additional information refer to “Factors to Consider” at daltile.com/Factors.

### APPLICATION NOTES:

* Suitable for use as a decorative accent or border on floors not subject to outside foot traffic (such as hotel bath).
** Residential and light commercial use only.
*** Glass Horizons mosaics are paper-face mounted and are suitable for pool tanks and submerged applications. Suitable for exterior applications in freezing and non-freezing climates when proper installation methods are followed.
