ELEMENTAL SELECTION | INDUSTRIAL SELECTION | METALLIC SELECTION

INTRODUCING SURFACES LIKE YOU'VE NEVER SEEN THEM BEFORE.

Panoramic Porcelain Surfaces™ features porcelain that performs and design that delivers for your walls, floors and countertops. This collection offers breathtaking views, stunning visuals and seamless design with no boundaries.

THE POSSIBILITIES: LIMITLESS

With Panoramic Porcelain Surfaces™, you have a unique opportunity to let your imagination run wild.

If you've ever dreamt of using limestone slab in places limestone should never be used, Panoramic can help you make those dreams come true. Or, if you've ever wished you could bathe a room in marble, now you can create that look at a fraction of the cost.

Cover photo features Panoramic Porcelain Surfaces™ Zebra Calacatta bookmatch on the fireplace with Anders™ Shadow 32 x 32 on the floor.

Above photo features Panoramic Porcelain Surfaces™ Imperial Status on the walls, backsplash & countertop and RevoTile™ Maplewood 6 x 36 on the floor.

SET THE STAGE FOR LUXURY

ELEMENTAL SELECTION

Elevate the ambiance of virtually any space with the sophisticated marble looks within Elemental Selection.

Create drama with striking vein patterns, or infuse tranquility with subtle marbling designs. Large format slabs create fewer grout lines for a more seamless appearance in both glossy and matte finishes. By combining the look of natural stone with the value and ease of porcelain, Elemental Selection reinvents classic décor.

Photo features Panoramic Porcelain Surfaces® Smoked Geode on the floor and wall.

INSPIRING RUGGED ELEGANCE

INDUSTRIAL SELECTION

Capture a sense of strength and character with Industrial Selection.

Bring the urban chic feel of a downtown gallery or loft to virtually any space with the look of sleek concrete. Large format slabs provide seamless style to more closely mimic the essence of poured concrete while the smooth, matte finish adds a touch of sophistication. Infuse your space with the robust, stoic presence of concrete while enjoying the versatility of porcelain tile with Industrial Selection.

UNREFINED URBAN GLAMOUR

METALLIC SELECTION

Dazzle with the glitz and glam of the Metallic Selection.

Dripping with design and opulence, the reflective, iridescent metallic sheen encompassed on these sleek slabs takes fashion to new heights. The unrefined essence of concrete enhanced with mixed metals is provided on a scale only large format porcelain slabs can reach. Experience glimmering style with Metallic Selection.

APPLICATIONS

	Target DCOF wet	Suitable
Dry & Level – Interior Floor	N/A	✓
Wet & Level – Interior Floor	≥ 0.42	✓*
Shower Floors (Residential or Light Commercial)	≥ 0.42	
Exterior Floor Applications (including patios, pool decking & other wet areas with minimal footwear)	≥ 0.60	
Ramps & Inclines	≥ 0.65	
Walls/Backsplashes	N/A	✓
Countertops	N/A	✓
Pool Linings	N/A	✓

A DCOF value of ≥ 0.42 is the standard for tiles specified for level interior spaces expected to be walked upon when wet, as stated in ANSI A137.1-2012, Section 9.6. For more information about DCOF and the DCOF AcuTest™, visit daltile.com/DCOF.

APPLICATION NOTES:

Suitable for exterior applications (provided it is noted as suitable in the applications chart above) in freezing and non-freezing climates, when proper installation methods are followed.

* Matte finish only.

INSTALLATION

Grout Joint Recommendation	Shade Variation
1/8"	 Medium (V2): Industrial Selection Metallic Selection  High (V3): Elemental Selection

NOTES

Special consideration must be given when installing tiles greater than 15 inches. Please refer to ANSI A108.19 standards for Gauged Porcelain Slabs for more information.

Use of an LFT (Large Format Tile) mortar is required. Thin-set mortars are not suitable for Panoramic Porcelain Surfaces.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual panels and trim and not from product samples or color reproductions.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.

WARNING: This product can expose you to chemicals known to the State of California to cause cancer, including crystalline Silica (airborne particles of respirable size) in dust created if the product is dry cut/ground/polished or pulverized during fabrication/installation/removal. For more information, go to www.P65Warnings.ca.gov.

For additional information refer to "Factors to Consider" at daltile.com/Factors.
