Simple Uniformity

Uniform Concrete™ and Uniform Wood™ combine the sophistication of a monochromatic color palette with the time-honored looks of concrete and wood. Both collections are TruEdge™ rectified, ColorBody™ porcelain tile, with Uniform Concrete being a double-load technical product perfect for high-traffic areas such as auto dealerships, malls, office buildings and schools. When installed together, Uniform Concrete and Uniform Wood achieve cohesive and durable beauty.

• STUNNING RESILIENCE
  - Uniform Concrete is a premium double-load ColorBody™ porcelain, perfect for high-traffic spaces
  - TruEdge rectification technology ensures precise edges and tight grout joints for a seamless and more authentic look
  - Seven contemporary colors offered in concrete and wood visuals

• MULTIPLE SIZES AND FINISHES
  - Uniform Concrete 12 x 24 and 24 x 24 sizes are offered in polished and unpolished finishes
  - Uniform Wood is available in an unpolished 8 x 48 floor tile

### Notes

- Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

- Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

- For additional information refer to “Factors to Consider” at: daltile.com/Factors.

- Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltile.com/LargeTiles for more information.

- Manufacturer Advisory: All tile is measured by the DCOF AcuTest™ method. Tiles with DCOF values <0.42 are not recommended for use in areas with wet or slippery conditions. For more information, see ANSI standard A137.1 section 6.2.2.10, available at www.tileusa.com.
