### Limited Commercial Wear Warranty

This warranty applies to all purchases made after Jan 1, 2019.

The DalTile warrants resilient flooring will not wear through the wear layer from normal foot traffic for a period of time as specified in the above listed chart from the original date of invoice when properly installed and maintained in accordance with DalTile's recommendations.

DalTile defines "Commercial" as public space areas within commercial buildings that get exposed to heavy foot traffic. Examples: include corridors, lobbies, retail stores, restaurants, elevator cabs, etc.

"Light Commercial" is defined as residential spaces within commercial buildings, areas with less foot traffic including: hotel rooms, housing, small retail environments, spas, etc. DalTile is happy to make recommendations, but ultimately the choice of which product to use is left to the end user, designer and flooring contractor. "Abrasive wear" is defined as the loss of wear layer from normal foot traffic so the pattern or design of the floor has been removed. Diminished gloss level isn't defined as wear through. Removal of wear layer as a result of improper cleaning agents, equipment or methods or failure to properly maintain or protect resilient flooring from damage is specifically excluded from DalTile wear warranties.

### Prorated Terms

If resilient flooring covered by this warranty is reported to DalTile within the specified warranty period specified in the above chart, DalTile will supply new material of similar color, pattern and quality to replace the defective material on a prorated basis calculated from the time of invoice to the time of claim; DalTile will also pay reasonable labor costs if material was professionally installed.

THE FOREGOING WARRANTIES ARE EXCLUSIVE AND ARE IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR PATENT OR OTHER INTELLECTUAL PROPERTY RIGHT INFRINGEMENT.
