DARE TO BE BOLD™

# CATHEDRAL HEIGHTS

Cathedral Heights™ has its genesis in ancient beams and doors reclaimed from old European churches and mansions. Marazzi's authentic result is an astonishingly organic visual of complex sawcut and hewn graining combination achieved by 3d digital imaging. This strong Colorbody™ porcelain with rectified edges has a wide range of faces and shades that contribute to highly random, incredibly realistic wood-like surfaces. Cathedral Heights infuses modern-day rooms with amazing textural quality that appeals to both historic and contemporary leanings.
