

CAVATINA™  
GLAZED PORCELAIN

MARAZZI®  
DARE TO BE BOLD™

STONE LOOK

# CAVANTINA™

The dramatic sense of depth and movement realized in CAVANTINA™ via Marazzi's 3-D Imaging Technique captures the look of natural travertine on a flat, smooth surface that is both striking and easily maintained. Fissures and striation visuals create realistic depth without any actual surface indentations. These natural stone looks vary widely from piece to piece, within neutral colorways of white, beige, and brown.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: [marazziusa.com/Factors](https://marazziusa.com/Factors).

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to [marazziusa.com/LargeTiles](https://marazziusa.com/LargeTiles) for more information.

Use of a latex modified thin-set is recommended for installation. For more information, visit [marazziusa.com](https://marazziusa.com).
